

COMPANY OVERVIEW

Locally owned tech help for homes and businesses on Colorado's Front Range, with remote support across the state: computer and phone repair, Wi-Fi, home security, senior tech help, small business IT, IT consulting, websites and classes.

CORE COMPETENCIES

- Microsoft 365 and Azure migrations and administration
- Network design, multi-site networks and SD-WAN
- Penetration testing, vulnerability and risk assessments
- Incident response planning
- Security awareness training and phishing simulations
- ArcGIS Enterprise deployment and administration
- Co-managed IT and IT project management
- Compliance readiness: HIPAA, PCI-DSS, SOC 2, NIST 800-171 and CMMC (formal audits by accredited assessors)

DIFFERENTIATORS

- **Senior, hands-on expertise.** Work is led by a former IT Director with 17+ years in technology.
- **30+ certifications.** Across cybersecurity, cloud, AI and networking.
- **Plain-English reporting.** Findings and status that technical teams and leadership both understand.
- **Local to the Front Range.** Based in Centennial, Colorado, with remote delivery available.
